

THE BIBLE NETWORK

The World Needs God's Word

Urgent.

Kai embraces our ministry partner in China, a powerful expression of his gratitude for God's Word.

CHINA BIBLE EMERGENCY

YOUR URGENT HELP IS NEEDED

Dear Friend,

"A critical door of opportunity stands open for us to place God's Word into the hands of hundreds of thousands in China. But it's a race against the clock."

This opportunity comes at a time when Bibles can still be printed in China, even as restrictions surrounding Christian materials continue to tighten.

[Our mission today is urgent and clear: to fund the printing of as many Bibles as possible while this opportunity remains open.]

Will you respond to this urgent call to help China's faithful Christians today?

- **£3.80 is enough to print and place a Bible in the hands of a believer in rural China**, someone walking miles to hand-copy Scripture from the only Bible they can access.
- Imagine how much **joy your generous gift of £26.60 to provide 7 Bibles** could bring. For some believers, this will be their first opportunity to have God's Word for themselves.

Our ministry coordinator, with more than 25 years' experience in China, tells us that access to Bibles has always been difficult outside the large cities, but today ***"it is more difficult than at any time in my 25-plus years. We are constantly asked if more copies can be made available."***

This is why I need your help today.

"We don't know how much longer this door will remain open," our partner tells us. Across China, especially in rural areas, our partner networks could use double, triple or

even quadruple the number of Bibles currently supplied.

In China, where Bibles were once banned and copies confiscated, the number of Bibles we can provide to believers today – particularly those in remote and rural areas – depends on our ability to fund their printing and distribution.

You have the power to impact lives like Kai's (name changed for security reasons).

Kai dedicated three years to fasting and praying for a single wish: **to own a Bible**. His prayers were finally answered through the gift of a Christian friend like you.

"When I handed him his Bible, his eyes filled with tears,"** shares our partner. **"He wrapped his arms around me in a bear hug so tight. Even as I tried to leave, he clung to me. It took several attempts from others to gently pry him away so we could depart. As I closed the door of the van, Kai embraced the vehicle that had brought him the answer to his prayers."

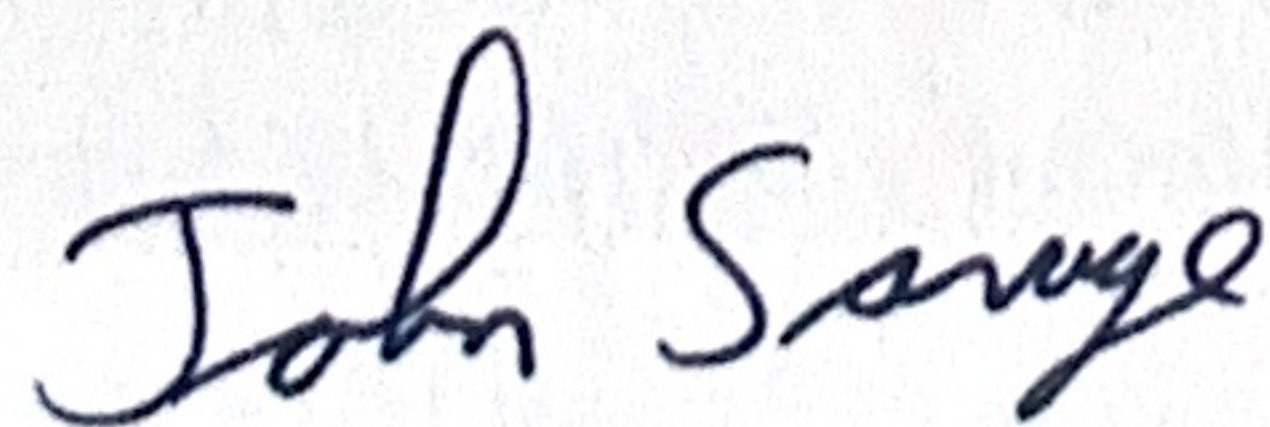

This amazing door of opportunity is now open to you. You can bring the same joy and God's Word to another believer like Kai – someone who is praying for a Bible right now.

I sincerely hope you'll say "Yes!" to this call.

While restrictions continue to cast a shadow over the practice of faith in Christ throughout China, you and I are presented with a rare and precious opportunity: **to get God's Word into as many hands in China as possible, before time runs out.** Please give your best gift today.

Your partner in sharing God's Word,

John Savage
Director, The Bible Network

P.S. God cares about the plight of Bible-less Christians in China, and He alone is keeping the door open for us to meet their needs. We must work while it is day – while this door of opportunity remains open. Believers in China need our prayers, and most of all, they need God's Word. **Please respond to this urgent appeal today. Thank you.**

ACT NOW – CHINA BIBLE URGENCY – ACT NOW – CHINA BIBLE URGENCY

An urgent opportunity to bring God's Word to China's believers

Outside China's large cities, our partners are constantly asked if more Bibles can be made available – far more than current funding allows us to provide.

Each Bible you help provide is a personal gift of hope and faith to a brother or sister in Christ. **Your support is vital to reach these waiting hearts. Thank you.**
